*In the year 2015 the starting shot will be made at the beach park directly in front of the „Schlosshotel Velden“. The distance is 50m, from the secure coast to a platform and then then back again to the coast. Swimming skills are necessary because the depth is about 2,5 metres. The 20-man team of Velden water rescue team is responsible for the security of all participants and is patrolling the event.*

**No liability:** The participation is at one's own peril. There is no liability of the organizer for loss, injury or damage at any person or thing because of any cause. Subject to modifications.
